Why do we need a new field?

Coady Field has been an outstanding asset to the Braves since 1996, however, due to our continued success and our growing fan base, we need to update our facilities. The new field will allow our organization additional growth, adequate parking, the ability to play night games under the lights, to host an all-star game, and provide a safe, family-fun environment for our dedicated fans and supporters.

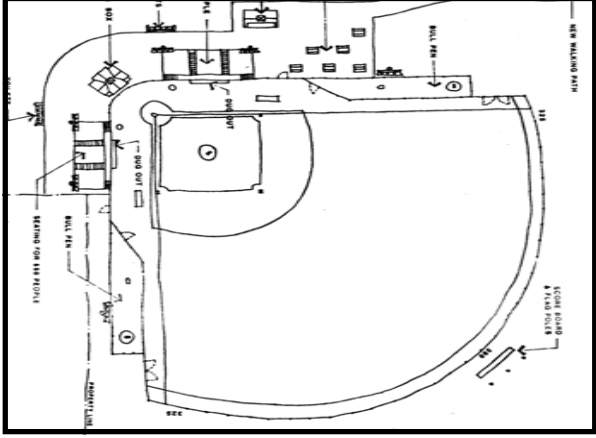

Where are we going?

The Braves plan to relocate to the campus of the Upper Cape Cod Regional Technical High School. The site will offer top-notch amenities for complete family-friendly entertainment, under the lights, with breathtaking panoramic views of the Bourne Bridge and the Cape Cod Canal.

The Braves are excited about the opportunity to partner with the Upper Cape Tech School. The students of UCR will play a critical role in the development and construction of the field. It will be a hands-on opportunity for all. The goal is to provide Bourne and our surrounding communities with a state of the art sports complex for the Braves and the Rams, as well as other entities, when available.

The Braves and UCR appreciate your interest in our project. We welcome the opportunity to meet with you to discuss the options available for support. We are in need of certain services, if you feel the you might be able to assist us in manpower please contact us.

We can meet the goal \$500,000 With your support

We need community investment and individual contributors. Imagine your name, business logo or message identified with the new field!

Please join in our capital campaign to raise the necessary funds to make this field a reality.
